**Behavior Policy**

At **EmerEAU Bladen Charter School**, our policies for behavior are designed to create a safe, respectful, and productive learning environment for all students.

1. **Respect and Responsibility:** We expect all students to treat others with kindness and respect. This includes peers, teachers, staff, and visitors to the school. Students are encouraged to take responsibility for their actions and choices.
2. **Code of Conduct:** We have a clear code of conduct that outlines expected behaviors and consequences for misconduct. This includes rules regarding attendance, dress code, academic honesty, and interactions with others.
3. **Positive Reinforcement:** We believe in positive reinforcement to encourage good behavior. This may include praise, rewards, and recognition for students who consistently demonstrate positive behavior and uphold school values.
4. **Consequences:** When behavioral expectations are not met, consequences are applied consistently and fairly. These consequences are designed to help students understand the impact of their actions and to encourage better choices in the future.
5. **Communication:** We value open communication between students, parents, teachers, and administrators. Parents are informed promptly if their child's behavior raises concerns, and we work together to address any issues.
6. **Conflict Resolution:** We teach and encourage conflict resolution skills to help students resolve disagreements peacefully and respectfully.
7. **Safety and Well-being:** The safety and well-being of our students are top priorities. Any behavior that threatens the safety of others will be addressed swiftly and appropriately.
8. **Support Services:** We offer support services for students who may need additional assistance with behavioral issues. This may include counseling, mentoring, or other interventions to help students succeed.

Overall, our behavior policy is designed to foster a positive school culture where every student feels valued and supported in their academic and personal growth. By upholding these standards, we aim to prepare our students to become responsible, respectful, and contributing members of society.
